Examiner's Amendment

1. Applicant's arguments and amendment filed October 25, 2006 are persuasive, therefore, claims 3-5, 7-11 and 14-17 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest singularly or an obvious combination of a handlebar pivotally mounted on a first portion of a frame, a rearward foot portion pivotally mounted to a second portion of a frame and linked to a handlebar in a manner that links downward movement of the handlebar to upward movement of the foot support and an adjustable resistance means interconnected between the frame and at least one of the handlebar and the foot support for resisting upward movement of the foot support relative to the frame as recited in claim 1; including a handlebar link having a forward end pivotally connected to a lower end of the handlebar, an intermediate portion pivotally connected to the frame and a rearward portion pivotally connected to an upper end of an intermediate link wherein an opposite lower end of the intermediate link is pivotally connected to a rearward portion of the foot support as recited in claim 7; including a connector link as recited in claim 11 and including at least one link pivotally interconnected between the second end of the handlebar and an intermediate portion of the foot support as recited in claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
